Skills

Team work , Ability to work under pressure , Ability to submit work on time , Easy to learn new things , Attentive listener.

Projects

Fountain of Hope

We created a website for a well known organisation in khayelitsha.
An organization that helps community and orphanages

Siki's coffee cafe

This was a website we created also as a group for a coffee cafe that is based in the township , in Ilitha park.

Sizamna web app

This was an web app that is meant to help people who are in an emergency to quickly recieve help , in any kind of emergency.

Ekasi's Best food

This a Website I created my self so that people would understand the joy that is within the township.
This website is best on the townships food , which people go through the website and find places where this kind of food is sold and also get directions to those places
